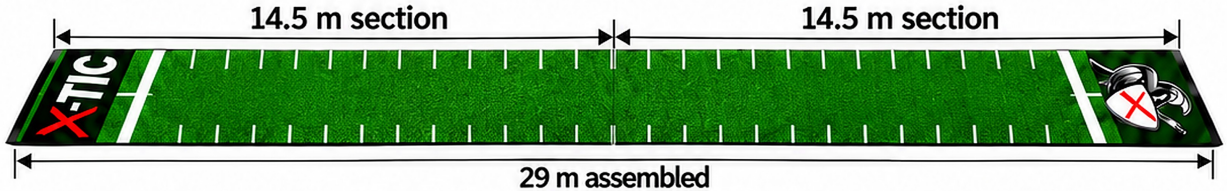
X-TIC MOBILE TURF

Original full-length lane and compact two-lane options

Configuration	Overall Turf Length	Total Width	Price Each
Original X-TIC Lane	29 m / 95 ft 2 in	2.6 m / 8 ft 6 in	**TBD**
Two Lanes + End Zones	14.7 m / 48 ft 3 in	2.6 m / 8 ft 6 in	**TBD**
Two Lanes + Logo End Zones	14.7 m / 48 ft 3 in	2.6 m / 8 ft 6 in	**TBD**

ORIGINAL X-TIC – TWO-PART SYSTEM

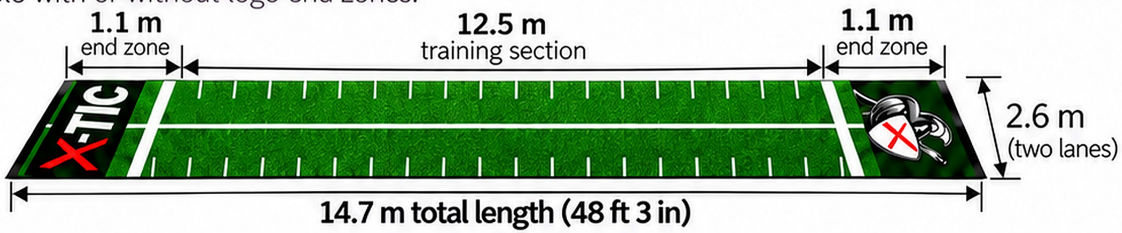
Full lane: 29 m × 2.6 m.
Separates into two 14.5 m sections for transport and storage.
Connect the two sections end-to-end to form the full lane.
White turnaround lines across the lanes.
Two slim rubber trip reducers — one continuous reducer at each end.
Available with or without logo end zones.



25 m between turnaround lines • 2 m end zones

COMPACT TWO-LANE CONFIGURATIONS

12.5 m training section + 1.1 m end zone at each end = 14.7 m total length.
Two lanes, each 1.3 m nominal width, divided by a white center line.
Two slim rubber trip reducers — one continuous reducer at each end.
White turnaround lines across both lanes, 12.5 m apart.
Available with or without logo end zones.



MOBILE • REUSABLE • ADHESIVE-FREE

Roll out for use, roll up for storage, and relocate for the next session.
No permanent glue-down installation required.
All logos come with white paint only.

Turf lengths exclude rubber trip reducers. Prices to be determined.
